Dear Associate,

Please see **attached** (in this email, and the subsequent emails) the following documents in relation to the above matter:

1. [Unions Outline of Submissions](#);
2. [Statement of Andrew Vickers](#);
3. [Statement of David Simm](#); and
4. [Statement of Catherine Bolger](#).

Due to the size of the Vickers statement, the evidence and submissions will come through in 9 emails. Each will follow in turn shortly.

The Unions note that there were directions for the filing and service of the above evidence by 4:00 p.m. on 30 June 2017 and we apologise for the delay. The Unions have been in contact with the other parties about this and advised them of the delay. To this end, there is no objection to the CMIEG filing their reply evidence an additional two days later than presently directed (1 August 2017).

All the parties to this application are copied into this correspondence by way of notice and service.

Regards,

Adam Guy
