

BEFORE THE FAIR WORK COMMISSION

MATTER NO. AM2014/197

CASUAL WORK

Statement of Jack Gibney

I, Jack Gibney, bartender/waiter of [REDACTED] say:

1. I am a member of United Voice.

**Personal Details**

2. I was born on [REDACTED]
3. I am single and live at home with my mother.

**Work History**

4. I have worked in hospitality since 2010.
5. I have completed high school and am currently in my second year of studying a Bachelor of Arts Degree in Political Science
6. I have worked in the role of waiter and bartender in restaurants, bars and small live music venues in Brisbane.

**Current Work**

7. I am currently employed as a casual waiter/bartender with Kwan Bros, which is part of the DG hotels group that includes Limes Hotel and a steak house called Bubbles. All of these venues are located in close proximity to each other. In one shift I can work across up to five different venues.
8. I am employed under the *Hospitality Industry (General) Award 2010* ('the Award'). I am classified under the Award as a food and beverage attendant grade 2 or 3.

9. During my university semester, I work an average of between 8 and 12 hours per week. During semester breaks I work between 25 and 50 hours per week.
10. My typical working hours during semester are Friday and Saturday from 5:00pm to approximately 3:00am.
11. My typical working hours during semester breaks is:
  - a. Wednesday, Thursday and Sunday from 5:00pm to midnight; and
  - b. Friday and Saturday from 5:00pm to 3:00am.
12. I receive a roster on Friday for the following Monday to Sunday. The roster contains start times only.
13. I usually receive extra hours during the Christmas/New Year period, however, my typical working hours remain fairly constant throughout the year.
14. Attached and marked **Annexure A** are copies of my rosters for the last 3 months.

#### **The Impact of casual work**

15. The most significant detriment for me being employed as a casual is the lack of sick leave. There have been many occasions where I have been unable to work due to injury or illness and the lack of any sick leave entitlement adversely impacts my finances.
16. Working as a casual has its benefits in that it provides great flexibility. I can simply accept or refuse shifts as required depending on my commitments. This means I can avoid requesting time off work for travel and university commitments.
17. The downside of working long shifts is fatigue. After working successive long shifts it takes me a few days afterwards to properly recover. This affects my performance at university and it is not until mid-week that I start to feel normal and functional again. Also the late nights interfere with my normal sleeping patterns, as usually I would go to sleep much earlier than 3:00am to be awake in time for my 9:00am lectures.
18. I am occasionally asked to work shifts on short notice, but feel I can easily decline the offer if the shift is not convenient.

**Income and Expenses**

19. In an average week I earn between \$700.00 to \$1,000.00 after tax. I cannot say what part of that is overtime, as I do not have a rostered finish time per se. Attached and marked **Annexure B** are copies of my pay slips for the last three months.

**Impact of entitlement to overtime**

20. I have been shown the variation to the Award sought by United Voice. My union is seeking to ensure that when I work longer than 10 hours a day or more than 38 hours in a week, I will be paid over time. These amendments will affect me in the following ways.
21. I will take home more pay and be able to work less and focus more on my studies.
22. However, I believe my employer would hire more people for fewer hours to avoid the additional cost, which means I may not actually end up with more pay.
23. The benefit of this however is that if I work shorter shifts I will be less tired for university.
