We go to work and get spat on, punched in the head, the back or any other part of the body some residents can get you. We help feed those that can't feed themselves, we bathe those that can't bathe themselves. We do EVERYTHING for those that can't do anything for themselves. Give us some sort of recognition for a very hard job, please.

Feels like fair work thinks age care is all run by carers. We all are short staffed in all areas. Im extremely disappointed in Fair work and the government... this is why so many people is other non direct roles are leaving age care coz we have had enough.....

I am a Lifestyle Coordinator and I assist 68 beautiful residents enjoy individual activities of interest, assist with spiritual needs. I offer emotional support to residents and families. I have a Diploma in Lifestyle and Leisure along with Aged Care certificates 3 and 4. Can you tell me where you could find someone to do the responsibilities I have for such a poor wage. I need my increase "yesterday" how dare you take advantage of me and everyone else in the Aged Care industry. We work with the most venerable people along with childcare, keep pressuring staff the way you are and nobody will want to work in such underpaid positions.

With the responsibility and dealing with mental, physical and sick and dying people on a daily basis. Plus being physically assaulted from residents for just providing the best care we can give, We need more money for what we do, and it would also attract more people to work in the industry that is incredibly short staffed
